

1212 Ghost

Twelve metres of stealth, two cabins and twin engines.

LENGTH	POWER	PERSONS	PRICE
11.99 m	2 x 430 – 2 x 440 HP	10	On Request

While most Ghosts stay invisible the new Frauscher 1212 Ghost enthuses with an evolution of the Frauscher design language that is both bold and beautiful. Along with other Frauscher models the 1212 Ghost features distinctive elements like the huge teak deck, frameless and tinted windscreen as well a straight bow design – for a maximum of space and comfort. The side air intakes – first featured on the 747 Mirage and then on the 1414 Demon – are further developed and give the side profile a very distinctive look. The back features a swooping design framing the generous teak bathing platform in spectacular fashion. The brand new Frauscher 1212 Ghost was the product of years of development and encompasses many features from both our smaller range of power boats as well as our flagship – the 1414 Demon. Uncompromising design combined with a maximum of function.
