

1017 GT Air

The open GT — Frauscher's most social ten-metre.

The 1017 GT Air is a joy to handle and offers maximum comfort with all her functional fittings. The versatile on-deck equipment embraces the Frauscher design simplicity, giving the 1017 GT Air a uniquely elegant lounge style. She has charms of her own, offering the perfect blend of comfort and performance. In developing the 1017 GT Air, our main goal was to improve the feeling of space on board: the centered helm, the extended benches and innovative storage solutions create a completely new feeling of freedom of movement over a length of 10 meters. Another priority was the dynamisation of the design language. In this regard we succeeded perfectly with the spherical windshield and the impressive ambient lighting.
